Dear Sir/Madam,

Subject: Investors/ Earnings Presentation under Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

With reference to Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, please find enclosed the Investors/ Earnings Presentation for the Quarter and Year ended March 31, 2026. The Company will use this presentation for any meeting scheduled with analysts or institutional investors up to June 30, 2026.

The above information will also be available on the website of the Company at www.kaynestechology.co.in.

Request to kindly take this intimation on record.

Thanking You,

Yours faithfully,

For **Kaynes Technology India Limited**

Sudhasri Addepalli

Company Secretary and Compliance Officer
ICSI Membership No: ACS 79832

Company Overview

Company Overview

1 – Electronic System & Design Manufacturer; 2- As per Care Edge report; 3 – As of FY25, 22*- HDI PCB is upcoming (OSAT Unit 1 is now operational)

Leading integrated Electronics player in India

With backward integration into PCB and vertical integration in OSAT

Well Positioned to deliver comprehensive and integrated solutions to customers

Printed Circuit Board

EMS

OSAT
(Assembly Testing Packaging)

Better involvement in the larger electronics supply chain, spanning across wafer to end user product

We are fundamentally redefining our position in the ESDM ecosystem. The strategic integration of our core EMS expertise with advanced OSAT and PCB manufacturing capabilities creates an unparalleled competitive moat. This integrated approach grants Kaynes complete, predictive visibility across the full electronics supply chain, enabling us to accelerate time-to-market for clients and strategically advance toward becoming a fully integrated electronics ODM

Diversified product portfolio

Automotive	Industrial & EV	Railways	Medical	Aerospace, Outerspace & Strategic electronics	IOT/IT, Cons and others
Cluster PCBA  LED Headlamp/Tail Lamp/LED Position Lamp/DRL PCBA  Switches PCBA¹  BCU Master / BCU Slave PCBA 	Engine Control Panel  Street light controller  Smart Energy Meter  Precision Bridge and Strain Gage 	UM71 - Receiver  ETCS cubicle  SDTC cubicle  SDTC Card File 	Endoscopy cart & ICP sensor module  X-ray & Dental X-ray machine  Controller Units  Protein & clinical chemistry analyzers 	HH Sonar  Mission Critical Products²  ESAF  ATE & LRU Cable Assemblies 	Bar Code Scanner & RFID gateway  PLC & Asset Condition Monitoring gateway  Sensors  Industrial HMI Reader & Industrial Tablet 

1 - Headlamp level switch / Steering control switch/ Windowlift Motor/ Rocker Switch PCBA | 2 - Kaynes has been a valuable industry partner for soft landing of Chandrayaan-3 & launch of Aditya-L1 missions

Marquee customer base

Industry	 Industrial	 Railways	 Automotive	 Medical	 Aerospace+ Others ¹	 IoT / IT and others
Key Customers	Leading global mfg of electronic instruments and electromechanical devices	  		 	 	

Low customer concentration

FY26

Strong order book

INR Mn

R&D & Engineering, Certifications and Supply Chain

Research and Development

Focused on development of new products and improvement existing products

Dedicated research facility at Mysore, Bangaluru & Ahmedabad with a 200+ member R&D & Engineering Team¹

Operations complying with global standards with 13 global accreditations –most for an ESDM company in India^{1,3}

Facilities approved by global certifications Agencies E.g. Underwriters Laboratories, CSA2, TUV Rhineland

Certifications

Supply chain

Long term relationship with suppliers leading to better credit terms

Suppliers with multiple sources for a single component with specialized dealers for niche verticals

Capacity for Manufacturing at Local & Global Scale Augmented by Technical Capabilities

25+ SMT Lines	70 THD Lines	26 Cable Harness Lines	15 plastic molding machines	10K class clean room
Commissioning of the Pilot Line/Unit 1 for OSAT	Most manufacturing at low-cost locations	Dedicated humidity-controlled stores	Fungible infrastructure	2 exclusive RoHS compliant lines for green manufacturing

Kaynes Expansion – Chamaraajanagar

- Built-up area of ~ 350K sq ft
- Well supported by ancillary facilities of existing units / expansion plans
- Phase-I: Alpha & Beta Ready (~100K sq ft)
- Phase-II:
 - Gamma ready for operations i.e. ~240,000 Sq feet
 - Clean Room of Class 10K
 - Wire Bonding
 - Box Build
 - Aerospace vertical

Kaynes Expansion – Hyderabad

- Location: Kongara Kalan (Near Hyderabad Airport)
- Total Plant Area: 70K SFT
- SMT Lines -1 Number
- Plastic Injection Machines- 29 NOS (80 -350 TON)
- Upcoming new plant 150K SFT

Backward integration – OSAT & HDI PCB subsidiaries

- Built-up area Unit 1 – Plant 1 area of ~ 2,1000 Sq ft
- Built up area Unit 1- Plant 2 area of ~ 241K Sq ft
- Phase 2 Expansion- 236K Sq ft
- Key Packages include:
 - Legacy packages: QFN, TO
 - Semi- Advance Packages: BGA, Flip Chip BGA
 - Advance Packages: 2D, 2.5D, 3 D along with Co-Package Optics
- Key Areas of Usage:
 - Power electronics for Automotive, Healthcare, Industrial
 - Consumer goods
 - Wireless devices & IoT

Kaynes Circuits – Chennai

- 1. About 5 Million SQ MT of PCB Manufacturing Capacity in India
- 2. Multi Layer PCB both Rigid and Rigid Flex (High Layer Count Printed Circuit Boards, of up to 74 layers).
- 3. HDI PCB (High Density Interconnect Boards)
- 4. Flexible PCB (up to 16 layers.)
- Key Areas of Usage:
 - Telecom
 - Medical
 - Auto- EV
 - Strategic sectors
 - Smart Phones

Industry Overview

Industry Update (ESDM)

Global ESDM Market Size (US \$ BN)

Global ESDM Segment CAGR from CY 2023 to CY 2027 (E)

- The global Electronic System Design and Manufacturing (ESDM) industry is undergoing a significant shift from traditional OEM-led production to integrated system-level partnerships.
- Companies operating within the ESDM value chain are increasingly providing end-to-end solutions across the product lifecycle—encompassing design, prototyping, assembly, testing, and post-sales support.
- Robotic manufacturing, smart factories, and real-time data analytics are transforming productivity and efficiency in global ESDM
- Growth in decentralized computing architectures necessitates the development of high-performance but energy-efficient hardware for real-time processing at network edges

Industry Update (PCBA)

Global PCBA Industry Market Size (US \$ BN)

Global PCBA Market Share by Industry

- The significant growth in PCBA underscores the industry's widespread relevance across various end-user domains such as telecommunications, IT hardware, automotive, consumer electronics, medical equipment, and other strategic sectors.
- PCBAs cater to both large-scale consumer products and specialized, low-volume applications that require high precision and reliability. As the central hub for integrating electronic components, the PCBA sector serves as a cornerstone of the global electronics manufacturing landscape.
- With devices becoming increasingly compact, intelligent, and interconnected, the demands on PCBA complexity and performance have grown substantially. This has amplified their role not just in assembling final products, but also in driving innovation, ensuring quality, and enhancing functional efficiency across a broad range of technologies.

Source: Annual Report FY25

Global PCB Industry Market Size (US \$ bn)¹

- Demand driven by key factors such as growth in consumer electronics, industrial automation, and applications across automotive, telecommunication, healthcare, and energy.
- After COVID-19 disruptions, the market rebounded due to increased sales and prices, while advances in display technologies and flexible PCBs fuel long-term growth.
- India's PCB market is booming, projected to grow from USD 6.3 billion in 2024 to USD 24.7 billion by 2033 at a blistering CAGR of 15.6%—far outpacing global averages.
- This growth is fueled by government incentives (PLI, Make in India), localization of electronics supply chains, and telecom (5G) infrastructure, and a surge in advanced multilayer and flexible PCB technologies.

Global OSAT Industry Market Size (US \$ bn)

- While the Asia-Pacific region dominates with over 70% market share due to established supply chains, North America is witnessing growth through reshoring initiatives.
- The Indian OSAT market is expected to grow at 8–15% CAGR (using different data sets), benefiting from booming electronics consumption, strategic partnerships with global players, and an increasing focus on advanced packaging technologies such as System-in-Package (SiP), 2.5D/3D, and fan-out panel-level packaging
